

Kara Powell

PHOTOGRAPHY

What to expect during your session
at Kara Powell Photography.

Welcome to Kara Powell Photography!

We want to be your family's photographer! Your family's portrait history is a lasting treasure to be shared through the years and generations. From maternity and newborns to family portraits, allow us the privilege of telling the story of your family through portraiture.

I love what I do. The love your family shares is why I do what I do. As a fellow mom, I know how important our children and families are to us and how fleeting the time is. I'm looking forward to capturing your special moments in portraits you'll cherish.

Kara

Your Session Consultation

Before your session we'll have a consultation to talk about clothing options, locations and the feel you would like your images to have. This can be done over the phone, by skype, or in person. When you share your expectations and what you'd like from your session with us, we can make sure you get what you're looking for.

When it comes to your session, we want you to feel comfortable and knowing what you can expect from your session is part of that. Newborn sessions generally last between an hour and 2 hours; though occasionally, they can last up to 4 hours. We are very patient when it comes to newborns and sometimes they need a break. A happy baby makes for the best portraits!

Session Time

When it's time for your session we want you to relax and enjoy this special time. Your children will take your lead; so let's play and have fun!

To ensure we won't have to rush your session, please arrive 5 to 10 minutes early; especially if we are doing your portraits outside. We're often dealing with sunlight, so we have limited time.

Ordering Session

About a week after your session, we'll get together at our studio for your ordering session. This is your opportunity to view the images we've created and to order the ones you wish to own. Please be sure to bring anyone who will be helping you with your portrait selection as only one presentation is included with your session. Payment for your order is required when you place your order.

You'll also be able to see all of your portrait options. We'll assist you in selecting the best images to suit your needs for your home and for sharing with family and friends.

Due to the custom nature of your portraits, your finished order will be ready for delivery in approximately 4 weeks. We'll call you as soon as your order has arrived.

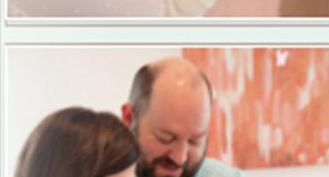

Your Full Gallery

When you book a premium session with us, you are going to be overwhelmed by how many beautiful images you get.

This is just a sample of one gallery. Usually there are well over 40-50 images in a gallery. Very hard to show here! It is a great opportunity to get images of mommy and me, daddy and me, the whole family, and each child separately.

Annual family sessions are so important because they show how much children are growing each year.

Custom Portrait Items

For any of the custom items you select, we'll send you a proof of the item to ensure you LOVE the design. Once we have your approval, we'll start production on it.

As soon as your custom items are ready for delivery, we'll contact you.

Your portraits are finished!

This is always exciting for you AND for us! We love to see your expressions when you see your finished portraits.

Please remember that we keep the images you have ordered in our archives forever. If you need another print or would like to have another custom item created, all you have to do is call.

Referrals

Did we tell you about our referral program? When you refer someone and they have us create a premium session for them, you'll receive a \$50 Kara Powell Photography gift card. We even have a gift for them on your behalf! They'll also receive a \$50 gift card.

A full-page photograph of a man and a pregnant woman standing in a garden, holding hands. The man, on the left, is wearing a light blue and white vertically striped long-sleeved shirt and dark blue jeans. The woman, on the right, is wearing a long, flowing, light pink sleeveless dress. They are both looking down at their joined hands. The background is a lush garden with green foliage and various flowers, including white and purple blooms. The lighting is soft and warm, suggesting late afternoon or early morning.

Next steps

So what are you waiting for? We're looking forward to creating a session for you and your little one.

Call, text or email us! We'll schedule your session date and time, your pre-session consultation and your ordering session. We'll take care of your session fee at the same time. It's that easy!

Client Testimonials

"Easy, comfortable, effortless. Kara's newborn photography is priceless. Those sweet first days of life are captured in such a beautiful way. Not only does she provide you with amazing moments of your precious baby, but there's also an ease and effortlessness in the session itself. We were all comfortable and involved... My three-year-old even had a chance to set up his own "shoot", where he got to set up monster trucks in his room with his new baby sister."

-Jenny, Client since 2014

"A maternity session with Kara is one of the best things and most memorable experiences of my pregnancy. Kara was able to capture the essence and beauty of my pregnancy and the pure joy and excitement my husband and I were feeling. Kara's images are pure and a true reflection of who you are. A maternity photo shoot with Kara is something you will never forget and you will be so glad you did it.

Just like a maternity session with Kara is amazing... A newborn session with Kara is that and so much more. A newborn session with Kara is truly a once in a lifetime experience and I am so glad we did it. The photos and images that were taken that day are priceless and I hold them close to my heart. She isn't just a photographer... She is part of our family and we tell her that all the time!"

-Wendy, Client since 2012

We pride ourselves on being a family. Most of our clients become clients for life and refer their friends and family to us.

We want to be your family's photographer – give us a call and let's talk about your session!
